LNBTI Workshop with JICA on Sri Lanka-Japan Ties

On December 6th, 2023, LNBTI had the privilege of hosting a workshop conducted by two volunteers and a representative from the Japan International Cooperation Agency (JICA).

The primary objective of the workshop was to enhance the cultural relationship between Sri Lanka and Japan.

The delegations engaged LNBTI students in a comprehensive workshop and discussion, shedding light on the vast opportunities within the Japanese IT industry for our students.

This unique interaction not only increased our students' desire to pursue careers in Japan but also garnered positive feedback from Japanese industry experts about their skills and cultural understanding.

LNBTI Hosts Delegation from Saitama Institute of Technology, Japan for Collaborative Ventures

On December 6th, 2023, Lanka Nippon BizTech Institute (LNBTI) had the honor of hosting two esteemed professors from the Saitama Institute of Technology.

The primary objective of their visit was to explore possibilities for fostering collaboration between the students of LNBTI and Saitama Institute of Technology. During their visit, discussions centered around organizing a special interaction session between the two institutes, with plans underway to bring 20 students from Saitama Institute of Technology to Sri Lanka in March 2024. The envisioned interactive study mission aims to provide a unique opportunity to students in both countries.

Ms. Chio Horiuchi shares Japanese Life with LNBTI students

Ms. Chio Horiuchi, from Japan, recently visited LNBTI, the Japanese IT university in Sri Lanka. During her engaging session, she interacted with undergraduate students, offering valuable insights into life in Japan. The students were particularly impressed by her firsthand

accounts of how Japanese technology is seamlessly integrated into day-to-day services. Ms. Horiuchi's visit not only broadened the students' cultural understanding but also sparked enthusiasm for the innovative technological landscape in Japan.

LNBTI visits Yoshida Shokanji International School – Fostering Educational Excellence

LNBTI Japanese IT University management recently embarked on a noteworthy courtesy visit to Yoshida

Shokanji International School, a prominent feeder school of LNBTI and a distinguished Japanese school in Sri Lanka. The primary focus of this visit was to engage in discussions about future education plans, establishing a collaborative framework that would significantly impact the academic and professional trajectories of the students.

LNBTI Enlightens Educators on Opportunities in Japan

LNBTI, the Japanese IT University, hosted an informative session for teachers and principals from the Colombo area on December 15th, 2023.

The primary objective was to apprise them of the promising opportunities available in Japan for Sri Lankan students.

LNBTI presented its unique offerings, including the option for students to pursue an IT Honours Degree in Sri Lanka and the subsequent prospect of securing an IT job in Japan upon graduation. Integral to the session was the introduction of Toshiyuki Sadoi Sensei, LNBTI's recently appointed Japanese Senior Lecturer, tasked with guiding students through Japanese language and culture, preparing them for a seamless integration into the Japanese IT industry.

Exploring Collaborative Horizons with Japan University of Economics, Fukuoka

LNBTI, the Japanese IT University, was honored to host Prof. Katsunori Takahashi from Japan University of Economics, Fukuoka, marking a pivotal moment in the exploration of potential collaborations.

During his visit, Professor Takahashi engaged in a discussion session with LNBTI students, where he was notably impressed by the students' commendable proficiency in Japanese and their unwavering enthusiasm. Expressing surprise at the high level of language skills demonstrated by the students, Professor Takahashi shared valuable insights, advising them to continue their dedication to knowledge enhancement. He emphasized the importance of continual improvement as a gateway to enhanced opportunities within the Japanese IT sector, fostering a bridge between academic excellence and future professional success.

LNBTI Welcomes the Japanese Delegation for Student Recruitment Prospects

In a groundbreaking collaboration, LNBTI in Sri Lanka played host to a delegation from Japan, aiming to explore the exciting potential of recruiting LNBTI graduates for prominent positions in Japanese companies, both within Sri Lanka and Japan. This visit marks the beginning of a promising partnership, bridging opportunities for LNBTI graduates.

Mahanama College's Japanese Workshop Ignites Cultural Exchange

Mahanama College, Colombo's Japanese Language Association organized a cultural exchange on November 23rd, 2023, aiming to enhance students' Japanese proficiency. The Japan Foundation, led by Mrs. Minami Munakatha, graced the event with four Japanese university students and Ikura Kazuyuki-san.

Mrs. Anju Hewage expressed profound gratitude to the LNBTI team for their sponsorship and support, underscoring the collaborative spirit that fueled the success of this cross-cultural celebration. The Japanese Foundation of Sri Lanka added authenticity to the event, featuring Japanese traditional and cultural segments, epitomizing harmony and exchange.

LNBTI's Insightful IoT Workshop at Panadura Balika Vidyalaya

On November 28th, 2023, LNBTI Japanese IT University organized an IoT workshop at Panadura Balika Vidyalaya for A/L students in the Panadura zone. Aimed at aiding IT-focused A/L exam preparation, the session, led by Senior IT lecturer Mr. Chandana Deshapriya, blended theory with practical applications. Students gained comprehensive knowledge of IoT and had a rare hands-on experience with Arduino boards.

Newly launched City Campus

LNBTI, the Japanese IT University, marked a significant milestone with the inauguration of its new City campus located in the heart of Maharagama, housed within the prestigious Sathara building. The Grand Opening ceremony was led by LNBTI Chairman, Mr. Koga Michio, Mr. Kazuyuki Ikura alongside key directors representing both Japanese

and Sri Lankan directors. LNBTI's strategic move emphasizes its commitment to enriching the student experience with a conveniently located space for academic activities. The City campus signifies institutional expansion and underscores the dedication to fostering a conducive learning environment.
