LNBTI Collaborates with A-PAD Sri Lanka to Support Cyclone Ditwah Recovery

Representatives of the Lanka Nippon BizTech Institute (LNBTI) visited the office of A-PAD Sri Lanka on 15 June 2026, marking the beginning of a collaborative effort focused on supporting communities affected by Cyclone Ditwah.

The visit was led by Prof. Ananda Kumara, Vice Chancellor and President of LNBTI, and Prof. Manjula Sandirigama, Director of the Global Centre at LNBTI. The delegation was warmly welcomed by the A-PAD Sri Lanka team.

The collaboration reflects the shared commitment of both organisations to strengthening community wellbeing, supporting disaster recovery efforts, and contributing to the resilience of affected communities. Through this partnership, LNBTI aims to explore meaningful opportunities to support recovery initiatives and promote community-focused engagement.

The collaboration further demonstrates LNBTI's commitment to extending its academic and institutional partnerships beyond the campus and contributing to wider social and community development initiatives.

LNBTI Students Celebrate Japanese Culture at Bon Odori 2026

LNBTI students proudly participated in Bon Odori 2026, a vibrant Japanese Cultural Festival held at the National Youth Council. The event provided students with an opportunity to experience and celebrate the rich traditions, cultural heritage, and community spirit of Japan.

Through their enthusiastic participation, LNBTI students embraced the lively atmosphere of the festival while strengthening their appreciation of Japanese culture. Their involvement also reflected LNBTI's strong connection with Japanese cultural traditions and its commitment to providing students with meaningful opportunities for cultural exchange and engagement.

The celebration brought together students and members of the wider community in a joyful display of Japanese music, dance, tradition, and friendship.

JASPER 2026: Advancing Knowledge Through Japan–Sri Lanka Academic Collaboration

The Lanka Nippon BizTech Institute (LNBTI) is proud to announce the JASPER Research Symposium 2026, the second annual edition of its flagship research symposium, under the theme “Advancing Knowledge Through Japan–Sri Lanka Academic Collaboration, and will be held on 11th September 2026.

The Symposium will bring together students, academics, researchers, and industry professionals under the theme “Advancing Knowledge Through Japan–Sri Lanka Academic Collaboration.” Organised by the Lanka Nippon BizTech Institute (LNBTI), the symposium reflects the Institute’s commitment to fostering a vibrant culture of research, innovation, and international academic engagement.

Following the success of JASPER 2025, the 2026 symposium provides a valuable platform for participants to present their research, exchange ideas, and explore emerging perspectives across technology, education, and related disciplines. It also seeks to strengthen academic connections between Sri Lanka and Japan by encouraging knowledge sharing and collaborative research opportunities.

More than a forum for presenting research, JASPER 2026 aims to inspire curiosity, collaboration, and innovation, empowering the next generation of researchers to contribute meaningful ideas to an increasingly interconnected world.

Through JASPER, LNBTI continues to build bridges between academic excellence, industry relevance, and international collaboration, reinforcing its vision of developing globally minded professionals and researchers

Building Global Connections, Creating Future Opportunities

Lanka Nippon BizTech Institute (LNBTI) was pleased to welcome Mr. Masatsugu Yamaguchi, Chairman of the Thailand Meijo Alumni Association, and Mr. Tatsuhiro Uchida, Secretary of the Association, for a courtesy visit to the LNBTI campus in Maharagama.

The visit reaffirmed the strong relationship between LNBTI and Meijo University, Japan, while providing a valuable platform to explore opportunities for future academic and industry collaboration. Discussions focused on strengthening international partnerships, expanding global engagement, and creating new opportunities for LNBTI students.

Under the leadership of LNBTI President and Vice Chancellor, Prof. Ananda Kumara, the institute continues to strengthen its international connections and foster meaningful partnerships that contribute to the academic and professional development of its students.

LNBTI sincerely appreciates the visit of Mr. Yamaguchi and Mr. Uchida and looks forward to further strengthening the connections between Sri Lanka, Japan, Thailand, and the wider region.

The Vice Chancellor's Message

Prof. Ananda Kumara
President/Vice Chancellor, LNBTI
Director General, Japan Association for Global
Competence Education (JAGCE)

Our graduates are proving, month after month, that the LNBTI model works.

It gives me great satisfaction to share that the feedback we continue to receive from our partner Japanese companies about our graduates now working as IT Engineers in Japan has been consistently positive. Employers have spoken highly of their technical competence, professionalism, and adaptability, and several have specifically commended the discipline and cultural understanding that our dual-major model instils. This is the strongest validation LNBTI could ask for, and it reaffirms our confidence in the path we have built for our students.

As we move into the new semester, I wish all our continuing students every success in the examinations ahead. Approach your preparation with the same discipline and commitment that has carried our alumni to success in Japan, and know that the LNBTI faculty stands ready to support you along the way.

I also extend my warmest wishes to the students preparing to travel to Japan for their internships. This is a defining step in your journey as future IT professionals, and I have every confidence you will represent LNBTI, and Sri Lanka, with distinction. Carry with you the values of hard work and cultural respect that define our institute, and treat this experience as the foundation for the career that lies ahead.

Finally, I want to wish all the very best to the students sitting the GCE Advanced Level examination this August. This is an important milestone, and I encourage you to approach it with confidence and focus. Whatever path you choose ahead, know that an institute like LNBTI stands ready to help you turn discipline and hard work into a global career.

I encourage our entire LNBTI community, students, parents, and staff alike, to continue placing your trust in this institute. Together, through academic excellence, practical exposure, and international collaboration, we will continue building a proud and growing alumni network in Japan that strengthens the friendship between our two nations.

SLFEA and Metatechno Inc. Japan Forge Strategic Partnership to Expand Global Career Opportunities

A significant milestone in strengthening international career pathways for Sri Lankan talent was marked by the signing of a Memorandum of Understanding (MOU) between the Sri Lanka Foreign Employment Agency (SLFEA) and Metatechno Inc., Japan.

As the parent company of Lanka Nippon BizTech Institute (LNBTI), Metatechno Inc. continues to invest in developing future-ready talent. The new partnership with SLFEA is expected to create opportunities for skilled Sri Lankan professionals through employment-related initiatives, talent development, and greater exposure to international career prospects.

For LNBTI students, this collaboration further strengthens the connection between education, industry, and global employment. It is expected to support initiatives that enhance students' awareness of international career opportunities, professional competencies, global workplace expectations, and industry networks.

The partnership also reflects Metatechno Inc.'s commitment to supporting young talent and building stronger bridges between higher education and the international workforce. With its strong industry affiliation and focus on career-oriented education, LNBTI continues to prepare students not only to earn a degree but also to build successful careers in a global environment.

Congratulations to Our LNBTI Students!

LNBTI proudly celebrates another significant milestone as a group of our students received their job offer letters from hSenid Japan, marking an exciting step forward in their professional journeys.

The offer letters were officially presented by Mr. Dinesh Saparamadu, CEO of hSenid Group, in the presence of Mr. Saman Kumara, Group Finance Director, and Mr. Danasiri Wijedasa, General Manager.

During the ceremony, Mr. Saparamadu encouraged the students to become AI-native IT professionals, highlighting the importance of embracing artificial intelligence, continuously developing their technical and professional skills, and staying prepared for the rapidly evolving global IT industry.

This achievement reflects the growing opportunities available to LNBTI students through its strong industry partnerships and international connections. LNBTI sincerely appreciates hSenid Group for its continued commitment to supporting students and creating international career opportunities.

Congratulations to all our students on this remarkable achievement! We wish them every success as they embark on their professional careers in Japan.

WELCOMING INGO ICS AS A COLLABORATOR FOR JASPER 2026

The Lanka Nippon BizTech Institute (LNBTI) is pleased to welcome INGO ICS as a valued Collaborator for the JASPER Research Symposium 2026.

The collaboration was initiated during the visit of Mr. Tatsuhiro Uchida, President of INGO ICS, to the LNBTI campus. The partnership reflects a shared commitment to strengthening international academic engagement, promoting knowledge exchange, and fostering research collaboration between Japan and Sri Lanka.

Through this collaboration, LNBTI and INGO ICS look forward to contributing to a meaningful platform for researchers, academics, and industry professionals to share knowledge, exchange ideas, and explore new opportunities for collaboration.

LNBTI sincerely appreciates the support and cooperation extended by INGO ICS and looks forward to working together towards a successful and impactful symposium.
